FUTURE PRODUCT DEVELOPMENT

Additional data providers – payers, health systems and registries

Expanded set of performance measures based on regional consensus

Expanded data source types including electronic medical records

HICOR is always looking for new partners to help with expanding data resources and feature development.

HOW DO I GET ACCESS?

All summit participants from 2015 and 2016 have access to HICOR IQ. Last year’s registrants have been sent an email outlining the 2016 updates. If you are new to the Summit this year you have been sent an email with instructions on how to gain access. Simply click on the link to verify your email and complete the registration process.
